DULUTH INTERNATIONAL AIRPORT DLH WELCOMES RECORD-SETTING NUMBER OF PASSENGERS IN 2019

Duluth, MN — The Duluth International Airport (DLH) is proud to announce that passenger numbers grew by 13.5 % in 2019 compared to 2018 year-over-year. With 318,845 passengers choosing to #FlyDLH last year, 2019 climbed to third place in the all-time list of annual passengers. Additionally, 2019 recorded the second highest number of passengers in the past decade, and the most passengers in a single year since 2012.

“Thanks in part to the arrival of American Airlines in May of last year as well as our additional flight offerings from Delta and United, we continue to see passenger counts rise and average ticket prices fall,” said Tom Werner, Executive Director for the Duluth International Airport. “With three major carriers now offering daily flights, we look forward to continued growth in 2020, and a bright future full of more options and lower fares for every passenger who decides to fly local.”

With this positive growth, however, comes a reminder that passengers should allow more time when flying DLH. It is recommended to arrive at the Duluth International Airport 90 minutes before departure to allow more time for check-in and at security — especially during their peak times in the early morning and mid-afternoon.

About Duluth International Airport

The new Duluth International Airport terminal opened for business on January 14, 2013. Currently, United Airlines offers three daily nonstop flights to Chicago, Delta offers five daily nonstop flights to Minneapolis/St. Paul, and American Airlines offers two daily nonstop flights to Chicago. We are committed to providing our customers with superior services in a safe, secure and professional environment.
