RESOLUTION #20-26

A RESOLUTION REQUESTING THE DULUTH INTERNATIONAL AIRPORT AUTHORITY DEFEND AND INDEMNIFY THE CITY OF RICE LAKE AGAINST CLAIMS RELATED TO IMPLEMENTATION OF THE JOINT AIRPORT ZONING BOARD ZONING ORDINANCE

WHEREAS, the Duluth Airport Authority ("DAA"), and the City of Duluth, City of Hermantown, City of Rice Lake, Saint Louis County, and Canosia Township (collectively "the Entities") are all of the members of the Duluth International Airport Joint Airport Zoning Board ("the JAzb") formed pursuant to the authority of Minn. Stat. § 360.063; and

WHEREAS, In 1988 the JAzb adopted the Duluth International Airport Zoning Ordinance ("the Ordinance") to govern land use and the permitted height of structures, vegetation and other potential obstacles in areas proximate to the Duluth International Airport ("the Airport") and under the approach and departure paths for flights to and from the Airport; and

WHEREAS, Under the provisions of the Ordinance, the City of Duluth is designated as the Chief Zoning Administrator who is responsible for administering and enforcing the Ordinance for lands located within each respective Entity; and

WHEREAS, In connection with runway construction at the Airport and with other changes made at the Airport since 1988, the JAzb is considering certain amendments to the Ordinance ("the Amendments") that, if formally proposed by the JAzb, must be approved by the Commissioner of the Minnesota Department of Transportation ("the Commissioner") and adopted by the JAzb before they become effective; and

WHEREAS, If the Amendments are adopted by the JAzb and approved by the Commissioner, DAA desires that each of the Entities amend its respective comprehensive plan and zoning code to require compliance with the Ordinance as amended by the Amendments ("Amended JAzb Ordinance") and to include the Amended JAzb Ordinance as part of its zoning code. DAA also desires that an employee of each Entity act as the Zoning Administrator to administer and enforce the Amended JAzb Ordinance within its respective boundaries; and

WHEREAS, The City of Rice Lake desires to be protected against possible legal liability that may arise from its adoption and administration of a comprehensive plan and zoning ordinance that incorporates the Amended JAzb Ordinance; and

WHEREAS, Implementation of the Amended JAzb Ordinance will benefit the DAA as it will improve the safety for airplanes flying into and out of the Airport, thereby making it more desirable for passengers and airlines to use the Airport; and

WHEREAS, Implementation of the Amended JAzb Ordinance will benefit the DAA as it will reduce the risk of airplane crashes occurring by limiting the height of buildings within the runway approach zones, thereby reducing potential liability of the DAA from claims arising from such an airplane crash; and

1
WHEREAS, Implementation of the Amended JAZB Ordinance will benefit the DAA as it will likely reduce the potential liability of the DAA should a crash occur within the area governed by the JAZB Ordinance as the limitation on building height will likely result in less people being within a building that may be damaged by an airplane crash.

NOW, THEREFORE, the City of Rice Lake hereby resolves to:

1. Request that the DAA agree to defend and indemnify the City of Rice Lake from any and all claims that may arise as a result of Rice Lake’s adoption and administration of the Amended JAZB Ordinance.

2. Request that DAA consider the attached Indemnification And Cooperation Agreement Regarding The Duluth International Airport Joint Airport Zoning Board And The Duluth International Airport Zoning Ordinance as a model defense and indemnification agreement to be executed by DAA and the City of Rice Lake.

APPROVED by the City Council of the City of Rice Lake, Minnesota, this 24th day of August, 2020.

City of Rice Lake

John Werner, Mayor

Toni Blomdahl, Clerk-Treasurer
